TOWN COUNCIL

The regular meeting of the Council held on Tuesday last was postponed until Wednesday in order to permit the newly-elected Mayor and Councilors to take their seats.

Mayor Bredin, however, was the only representative present, and upon invitation of the Deputy Mayor took his seat and presided over the meeting.

Very little of interest was transacted apart from the notification of the Dept. of Indian Affairs that "in view of the representations made with reference to the lease of the Buckskin Coal Mine it has been decided to renew the lease for a period of three years dating from August 13th, 1918, on the same terms and conditions as heretofore."

If the Council are able—and they should spare no effort in the matter—to obtain the right miners who are able to put the mine on proper working conditions, the question of the Town's Coal supply for next winter will be settled satisfactorily, for we are informed on the best authority that the grade of coal is equal to any in the Drumheller district and superior to much of that which is brought into town.

We trust that the matter will be taken up and dealt with with expedition in order to have the mine in good shape for the demand which undoubtedly will be made upon it.

When it was approved and ordered to be sent to each member.

It was decided to supply Mr. Bacon with water from June to August at a rate of \$15.00 per month.

Several communications were received and ordered to be filed, and—

John initiated the closing ceremony.

Naval League At Majorville.

I wonder if you good people of Bassano have any idea of the real merit of your local troupe of Minstrels? They came up to Majorville last Thursday night to help us with our work in aid of the above noble cause and gave an entertainment that delighted every single one of the audience. I doubt if a troupe of professionals could have handled the situation so effectively. The dialogue of the "coms" caused roars of laughter and the singing had everyone spell-bound.

It would be invidious to pick out any one for special mention, were the average of the whole was so especially good, but I think we ought to give an extra vote of thanks to the musicians who stayed to play for the dancing until three o'clock in the morning.

When I add that they gave their services entirely free, I think you will agree with me that we ought to tender them a hearty vote of thanks.

The proceeds of the affair amounted to \$75.80 which will be forwarded to the Naval League in aid of the Widows and Orphans of the gallant Sailors, who have died in our defence. God rest their Souls.

A SNAP

McLAUGHLIN DSS, 5 passenger Auto has run about 1200 miles. Enquire HARVEY SMITH, Bassano.

BASEBALL

The Bear Cats are displaying a marked preference for Gleichen (five days), and the team's batting average is waxing fat on the hit-bits served up to them by the ball team at that point.

After the mauling handed out to them at Bassano the Gleichen boys came up for another helping on Wednesday last, this time on their own diamond.

The game was fairly interesting up to the seventh inning when the Bear Cats stepped out and gave the home fans an exhibition of real ball, putting the game on ice, and the crowd into hysterics.

The score was 14-4. Billy contrived two round trips, Somerville and Pinneo a three-legged each, while every man in the team made his batting average look healthy as a result of his trips to the plate.

Graham worked like a machine and the support he received was labelled absolutely airtight.

There is little doubt, that Gleichen is improving as a result of the Bear Cats' visits and by the end of the season may expect to have the makings of a good team provided the boys do not get pestered at their numerous bickings.

Their next lesson in ball playing will be given on Wednesday at Bassano.

stand-still, for 7 innings. When

Gen. took a liking to Bill Graham's shots, and before they were finally stopped, 7 runs had crossed the plate, tying the score which up to that time stood 14-7. Bassano turned around in the first of the 9th and hammered in 6 runs, thus clinching the game, for "Chis" Graham then took the mound, and Gen found the ball too slippery to his taste.

Burley, our new catcher looks good, and with some practice, will be an asset to the team. Fortier, Somerville and E. Graham were there with the "big stick" as usual, each getting 3 safe hits, while "Bill" got a base on balls to fatten his batting average besides. The shining light in this game was McCaughey, who had 4 hits out of 5 times up, and the old fellow stole base like a 2 year old, having 5 to his credit.

Gen brought over the terrible "Mark" Noble from Comet to win (?) this game for them; but after our boys batted him all over the lot, they put Burrows in the box. He pitched a good game, but they had already lost, and Burrows could not save the day. Batteries were, Bassano—B. Graham, H. Graham and Burley, Gen—Noble, Burrows and Scheitner.

We hope Gen will bring the ladies along for the next game—they are good sports, and great rooters.

An Unwelcome Visitor

Chisnorm has made an appearance in one of the gardens in town, and this pest has a habit of increasing its sphere of operations very rapidly, we would urge our readers to keep a close watch on their garden truck and take every precautionary measure possible to eradicate the pest.

Paris Green has been found one of the most effectual remedies for cutworm and the local merchants no doubt carry it in stock, and would be able to give instructions as to the method of use.

Keep the Hogs At Home!

**To The Citizens of
Bassano**

The farmers of this town wish to
announce that they have organized the
first retail sugar trust in the town, having
been informed together with the leading
house of the district and propose to operate
in the interests of the producers of
sugar and the consumers of sugar in the
locality named with a view to obtaining
good at once made at a reasonable
price as is consistent with the proper
management for the cost of production.

We wish to let a every producer and
consumer of sugar in each locality to
contribute toward the necessary funds
which will be required to handle the
business, but do not wish to burden the
people with any stock selling campaign,
but we have arranged to have a supply
of our prospectus in each shop for the
benefit of the month so that every
one who is interested can secure one by
a small asking and a recommendation of
the shopkeeper in the shop at Bassano.
On 2nd June in summer, any sugar
which any interested parties may wish to
ask and to accept contributions for stock
from those who are not so interested in
the co-operative dividend which we
propose to pay to the customers at that
point who wish to join with us in
handling the business.

After the stock has been selected the
stockholders of Bassano will be asked to
select one man to represent them on
the board of the trust as, as the present
board is only the "provisional" board
selected to get the stock selected and the
provisional dividend arranged for.

FRANKIE MARLEY LIMITED,
W. D. Tapp, Secretary Treasurer.

TENDERS FOR COAL.

Sealed tenders addressed to the
underlying and enclosed "Tender for
Coal for the Dominion Building" will
be received at this office until 12 o'clock
noon, on Thursday, June 27, 1918, for
the supply of coal for the Public Build-
ings throughout the Dominion.

Combined specification and form of
tender can be obtained at this office and
from the following: A. E. Wehale,
Bassano, Alberta.

Persons tenders are notified that
tenders will not be considered unless
made on the printed form supplied,
and signed with their actual signatures.

Each tender must be accompanied by
an accepted cheque or a certified check,
payable to the order of the Minister of
Public Works, equal to 10 per cent of
the amount of the tender.

By order,
R. C. DESROCHES,
Secretary.

Department of Public Works,
Ottawa, June 6, 1918.

**The Reason For Sugar
Rationing**

Some surprise has been expressed by
the general public at the new sugar
regulations put in force the 1st day of
May by the Canada Food Board. People
wonder why the sudden severity of
sugar, having understood since the first
of the year that the new sugar crop was
sufficient to supply the needs of this
Country and the United States, whatever
might have been the situation in Europe,
where Java sugar was cut off owing to
war conditions.

The situation in this Country, how-
ever, has been materially changed since
the first of the year. At that time the
International Sugar Convention of New
York, which handles the raw sugar of
this Continent, allocating and distribut-
ing the amounts in Canada and the
United States, as well as other countries,
announced that there was sufficient sugar
in Cuba to allow Canada 320,000 tons as
against 400,000 imported last year. As
Canada last year imported 55,000 tons of
refined sugar, her consumption was then
365,000 tons and this year at 382,000 tons
her supply would be reduced merely by
25,000 tons or 6%, which would not have
been a severe hardship upon anybody or
result much disturbance in the trade.

In addition to this outlook the Canadian
expected to have a surplus of 700,000
tons to work on later, of which Canada's
share would be 70,000 tons or 10%, as
that before the year was out this Country
might have been supplied, under former
arrangements, with 40,000 tons more
sugar this year than last. Consequently
there was no necessity for the Food
Board placing any restrictions upon the
consumption of sugar in this Country in
view of the fact that Trans-Atlantic ship-
ping was so taken up with other more
vital cargoes that sugar could not be
passed for sugar. Without meat,
vegetables and men for the army are
more imperative needed in Europe
than even sugar, and there is not ship
enough to carry everything.

It was expected, however, that there
would be shipping enough in the con-
tinued trade of the United States and West
Indies to New York and other American
ports. Owing, however, to the con-
gestion at this wharves of the Atlantic
Coast, the break down in railway trans-
portation and the general and sudden
unexpected demand upon this Area's
transportation system generally, it has
become a difficult matter to move the
freight necessary for this Country and
the difficulty has not been overcome.

For bringing sugar direct from
Cuba to Canadian Ports, would have
been effected but the attempt has
not been successful. Shipping is not available
consequently the new sugar regulations.

JOS. WRIGHT,

Box 26 Nine years local Manager. Phone 31

Local and Personal.

Laura Webster returned to Calgary on Tuesday.

Mrs. Clifford of Hinton was a visitor to Bassano last week looking for the Bassano Red Cross.

Miss "Midge" Milla was a delighted and delightful visitor to town on Sunday last.

Bob McLean and E. P. Corrie were visitors to Calgary on Saturday last.

Scotty Hamilton one of Bassano's oldtimers is in town for a few days this week.

Mrs. Dr. Scott who has been visiting with friends across the Red Deer returned to town on Tuesday.

Service will be held in the Anglican Church on Sunday next at 11 a.m.

That lady who refused to stay at Brookland was recently transferred to Bassano evidently knew a thing or two.

Married—At Presbyterian Church Bassano on June 6th, William Martin Beafeld to Cassie Jane Potts by Rev. T. S. Paton.

Mrs. H. Johnson is Bassano's delegate to the Anglican Church W.A. Convention which is being held at Calgary this week.

Several of our autoists have been trying to economize on gasoline recently and they have discovered a system which works well; viz., borrow from the other fellow.

Married—At Presbyterian Church Bassano on June 6th, Charles August Beafeld to Nancy Melinda Potts by Rev. T. S. Paton.

The editor, in response to numerous enquiries wishes to state that he went to Moose Jaw on a return ticket and came back on a single.

Married—At Bassano on June 6th, William Henry McKee to Katie Theolina Lee by Rev. T. S. Paton.

If the present weather conditions persist much longer we may expect to see a few of our leading citizens adopting the fashion of Adam's day.

Fuzz Malloy is taking advantage of the Council's offer to water consumers and is cultivating an excellent patch of soap catchers right under his nose, where he can watch the growth.

Shinnay Bownes who was at one time an ornament in Webster's Store appeared as the mascot of the Gleichen ball team on Wednesday, needless to say Gleichen were defeated.

The Bassano Minstrels journeyed to the Elfrida Schoolhouse on Thursday last and played to a most enthusiastic audience. Alice came Chianquara, with the exception that the proceeds of each show are given to worthy causes.

The weather of the past week has been very unfavorable to the crops in this district; many of the farmers report that the wheat is beginning to suffer for want of moisture through the summer months are standing the drought well.

There are a few farmers yet in the Gem Colony who have not begun to irrigate. While hoping their trust in Foster's predictions will be justified we would suggest that an inch of water applied to the land now is worth an ell (of a lot) of prophecy.

The Electric Light Co., having seen the wind are now reaping a whirlwind of trouble with their plant. When these troubles are adjusted we may expect to receive a little cheaper service. We seen to remember a phrase however which reads "Blessed is he who expects nothing."

Signature of Registrant					

Procedure of Registration

On June 22nd every person residing in Canada, male or female, British or alien, of sixteen years or over, must attend one of the registration booths located in his or her district, and there declare the procedure explained below.

Where to Register

Every person required to register has the privilege of registering at any of the public places provided for that purpose. The location of all such places will be specified in proclamations posted conspicuously.

The card shown in the illustration is a facsimile of the registration card for males. An advertisement showing the card for females appears in another paper.

Study the questions carefully so that you will be able to answer them promptly when registering. If you have any special qualifications, or feel that your services would be more beneficial to the country in some other line of work, say so.

When all are compelled to register on Registration Day, it is not contemplated by the Government to force the sick, feeble and aged to turn out. If such persons will notify the Registrar prior to June 22nd of their inability to attend as a place of registration, an effort will be made to register them at home, provided the request is reasonable and justified.

Remember the Day—June 22nd—Remember the Reason—National Day. Register early and get your card before the Government is forced by necessity of Canada Registration Board
